

NAWD National Conference on Student Activities – 2012

**WUFOO** can produce **MORE** Yip-pees!

Saturday December 1, 2012 – Pinehurst, NC

*Lou Miller – Parsippany-Troy Hills School District, Parsippany NJ*

*Executive Director, NJ Association of Student Councils (NJASC)*

*Webmaster, National Association of Workshop Directors (NAWD)*

**[webmaster@NAWD.com](mailto:webmaster@NAWD.com)**

### What we already know we can do with WuFOO

- **COLLECT** information online easily, quickly, and efficiently.
- **CREATE** online user-friendly forms without having to know web page design or HTML.
- **LINK** to your form from an existing webpage, or through sending an e-mail to the desired audience.
- **CONFIRM** a response to your form through an e-mail sent automatically after they complete and submit their form.
- **SEARCH** through responses, with the ability to view, edit, or print out the details for any particular response.
- **EXPORT** the data you collect to an Excel spreadsheet.

---

---

---

---

---

---

---

---

### A quick review of the basics in WuFOO

The "Gratis" (FREE) account is limited in terms of...

- Number of forms and reports (3)
- Number of fields on each form (10)
- Number of total responses per month (100)
- Uploading files such as graphics to enhance your form
- Advanced features such as redirect to a web page after submission, payment integration, etc.

*PAID ACCOUNTS start at \$9.95 per month, there are different levels depending on your needs. Paid plans also do not place ads onto the confirmation page after someone submits their form. You can upgrade to or downgrade from a paid account at any time!*

---

---

---

---

---

---

---

---

### A quick review of the basics in WuFOO

**FIELDS** are where people enter data into your form when responding.

There are many types of fields, which are listed in a left sidebar.

- To **ADD** a new field, click on its' button in the left sidebar...
- To **EDIT** a field, move your mouse inside the field and click. The left sidebar changes, and you can now edit a variety of things...
- To add **MORE FIELDS** just click the top left tab on the left sidebar, the list of field types will reappear, and you can add another field.

*DO NOT click the back browser or refresh buttons to do these things. If you do, WuFoo will prompt to save the form or you will lose any of the changes that you have made since the last save.*

---

---

---

---

---

---

---

---

**A quick review of the basics in WuFOO**

**To TITLE your form and SET OPTIONS for it...**

- Click the **"Untitled Form"** area at the top of your form, or the "Form Settings" tab on the left sidebar...
- Type the name of your form (this will appear in large type) into the **"Form Name"** field. Then type any subtext you want into the **"Description"** field (this will appear in smaller type right below the Form Title).
- Set **Confirmation Options**, which include entering any text you want to appear on the confirmation page that someone will be directed to after submitting the form. You can also set confirmation e-mail settings, and customize what you want to include in this e-mail.

---

---

---

---

---

---

---

---

---

---

**A quick review of the basics in WuFOO**

**To SHARE your form...**

- Click the **FORMS** tab (first one) at the top of the WuFoo work page to open up the Form Manager. Then move your mouse over the form that you have created...
- There are several options that will appear, choose **"CODE"**.
- This will take you to the Form Code Manager which provides several options including ready-made **WEB LINKS** that can be copied and pasted in an e-mail or posted on a web page so users can access your form.
- You can also view the form and just **COPY THE URL** into an e-mail or use it to create a web link.

---

---

---

---

---

---

---

---

---

---

**A quick review of the basics in WuFOO**

**To see the ENTRIES submitted for your form...**

- Click the **FORMS** tab (first one) at the top of the WuFoo work page to open up the Form Manager. Then move your mouse over the form that you have created...
- Choose the first option, **"ENTRIES"**. This will take you to the Entry Manager, where you can view and search entries for your form.
- You can choose a **particular entry**, showing all fields. You can then edit, e-mail, print, or delete this entry (buttons on upper right).
- To **EXPORT**, click on "Bulk Actions" and then on the blue "Export" button. You can choose to export into Excel, as well as tab delimited or comma separated formats for other spreadsheet programs.

---

---

---

---

---

---

---

---

---

---

**So now let's look at a few WuFOO tricks!**

**How about getting your own logo on the form?**

- Click the **THEMES** button at the top of the page to open Theme Designer and then choose **Create New**.
- Under **Properties** you will have a number of options. Choose the first, which will be **Logo**.
- If you want to insert your own form header logo the image file needs to be somewhere on the web (you cannot upload one directly) and it should be 640 pixels wide. You can set the height manually, depending on the actual height in pixels of the image.
- Click the **Apply** button and you will have your own customized form header!
- You can also adjust background wallpaper, form colors, etc. to match or complement your new customized form header.

---

---

---

---

---

---

---

---

---

---

**So now let's look at a few WuFOO tricks!**

**How about a nice customized confirmation?**

- Click the **EDIT** button in Form Manager and then select **FORM SETTINGS** (third tab). Then go to Confirmation Options...
- You can choose to "Show Text" or "Redirect to Website". You can also choose to send "Confirmation E-mail to User" and customize it.
- You can make the text and/or e-mail confirmation personal by using data submitted in the form! Go back to the Form Manager and select the **CODE** button, then click on the **API Information** button. Write down or print out the list of number (##) codes for each field.
- To insert a field entry into your confirmation, type **{entry:Field##}** where you want it to appear and WuFoo will do the rest!

---

---

---

---

---

---

---

---

---

---

**So now let's look at a few WuFOO tricks!**

**How about making fields appear or disappear?**

- **Reason #1:** To provide a shorter and cleaner form, eliminating unnecessary fields based on a user response.
- **Reason #2:** To obtain additional information by adding fields based on a user response.
- **Reason #3:** To enable differentiated fields based on a user type, such as enabling a discount coupon or member vs. non-member prices, without having to create a second or alternate form.

---

---

---

---

---

---

---

---

---

---

**So now let's look at a few WuFOO tricks!**

**How do we make fields appear or disappear?**

- Go to the **RULES** button in Form Manager and then choose **FIELD RULES**.
- Format: If (Field) **IS/IS NOT** (Response) then **SHOW/HIDE** (Field)
- You can have multiple conditions, but be sure that you understand the logic of **AND/OR**...
- **AND** means **ALL** conditions you specify must be true
- **OR** means **AT LEAST ONE** of the conditions you specify must be true

 You can have as many Field Rules as you want, but be careful that none of them conflict with each other. WuFoo will replace the rule number with a **YELLOW "!"** if it senses a potential conflict.

---

---

---

---

---

---

---

---

---

---

**So now let's look at a few WuFOO tricks!**

**How about creating a "running total" box?**

- Go to the **PAYMENT** button in Form Manager and choose "Enable Payment".
- Under **Merchant Setup**, even if you have no desire to actually collect payments online you need to "Select a Merchant". A good free one is FreshBooks; the URL and Token are provided through your Freshbooks account. Under **Client Creation Setup** you do need to link fields to Name, Organization, and E-Mail.
- Under **Payment Options**, select "Show Running Total".
- Under **Assign Prices**, you must set a fixed amount and then can assign values to each entry of any fields you choose.

 **HINT:** Use Drop Down Fields for things you want to assign prices to; then you can simply assign a value to each drop down choice.

---

---

---

---

---

---

---

---

---

---

**So now let's look at a few WuFOO tricks!**

**But we don't want WuFoo to collect payment...**

- Create a **Multiple Choice Field** in your form for "Payment Method", and give it a couple options. Do this immediately after the field where they enter Amount Due.
- Go to the **RULES** button in Form Manager and choose "**Page Rules**". Then create a condition IF "Payment Method" is XXX then Skip to Confirm. Do this for each option.
- Then choose "**Form Rules**" and create a condition if "Payment Method" is XXX then "Show Message" and enter what information you want them to receive. You can use our earlier hint about personalizing confirmations with field entries using {entry:Field##} here, too!

### A Section Title

With the description of the section.

**Field Title \***

From days of long ago, from uncharted regions of the universe, comes a legend of a mighty robot, loved by good, feared by evil. As the legend grew, peace settled across the galaxy. On planet Earth, a galaxy alliance was formed and they maintained peace throughout the universe, until a new horrible menace threatened the galaxy. The robot was needed once more.

Field Instructions: Activate interlocks! Dyna-therms connected. Infra-cells up. Mega-thrusters are go!

NASSCED Membership 2012-2013

### Getting Started

The Wufoo API allows you to submit, edit, and retrieve data contained within your account. In order to use the API, you will need your unique API Key located to the left. **Do not give out this key!** The key works similar to your password, and protects your data.

Over to the left you will also see a list of your forms and their fields. The forms are listed by their unique URL. You will use this URL in the API to reference a particular form. Also, each field has a unique API ID associated with it. To perform any action on a field, such as retrieving or submitting data, you must reference the field with its unique API ID.

### Learning More

The next step is to go to [check out the API docs](#). The documentation walks through basic examples using the API, and familiarizes you with the syntax. As seen in the documentation, the use of the API currently requires knowledge of programming. As more developers begin to build on our API, 1 line copy/paste snippets will become available to you, so that you can utilize the API without any programming experience.

### POSTing From Your Site

In some cases, you may want to embed markup straight into your site (not in an iframe), but at the same time you do not want to learn our API. We do allow you to do this, but there are a few things to consider. We outline the details in our [POST documentation](#). In addition to the docs, you will need the POST key below to get started.

# NJASC Winter Convention 2013

Wednesday January 9, 2013 – The College Of New Jersey – Ewing Township, NJ  
(Snow Date – Thursday January 10, 2013)

Featured Keynote Speaker: BOB LENZ

The 2012 NJASC State Officers invite you to join over 1500 student leaders and advisors from throughout New Jersey who will come together to recognize Honor School and Top Ten Project award winners as well as Student Leaders of the Year, hear a nationally recognized keynote speaker, present and attend workshops conducted by fellow student leaders to discover and share ideas, and elect the 2013 NJASC State Officers. The tentative program schedule is provided below:

Registration/Campaigning 8:30 – 9:30 a.m.  
Opening General Session 9:40 – 11:25 a.m.

Breakout Sessions:

11:40 a.m. – 12:20 p.m. (Candidate Speeches, Student Workshops, Lunch\*)  
12:30 – 1:10 p.m. (Advisors Luncheon, LTC Reunion, Student Workshops, Lunch\*)  
1:20 – 2:00 p.m. (Student Workshops, Lunch\*)

\*Advance tickets to an all-you-can-eat lunch buffet can be purchased below for \$8.50 each, or for \$9.00 each on the day of the event.

Closing General Session 2:10 – 2:30 p.m. (announcement of 2013 State Officers)

Our 87th annual Convention will also build enthusiasm within advisors and students for improving leadership programs within their schools and acting in a positive way to solve the problems facing student leaders today. Professional development sessions will also be available for advisors, at which state recognized Professional Development hours will be awarded.

## School and Membership Status

If your school registered for 2012–2013 Membership online BEFORE December 15, 2012 it will be included in the "Member School Name" drop-down list and is eligible to take advantage of MEMBER RATES for this conference!
