Project #1 Kennel Mats

Step 1: Place 11 anchor strips on your hula hoop

Step 2: Wrap your first weaving strip around 2 anchor strip and then weave (over, under). Attach new strips with a self tightening knot.

Step 3: To finish the mat, cut all of the anchor strips and then tie/knot one anchor strip to the adjoining strip. You will have a top anchor and a bottom anchor once it is cut from the hula hoop. Tie a top to the adjoining bottom until all anchor strips are tied and knotted.

(The steps are a little different but very easy to follow.)

Step 1: Knot your 4 strips of fleece together. I like to use 2 inch wide strips.

Step 2: Weave your strips using 4, U, Z, Thru as a an easy way to remember the steps. Tighten the strips by pulling same colors at the same time and then the other 2 colors. The end result will be a box weave.
